

Mental Health Act administrator training

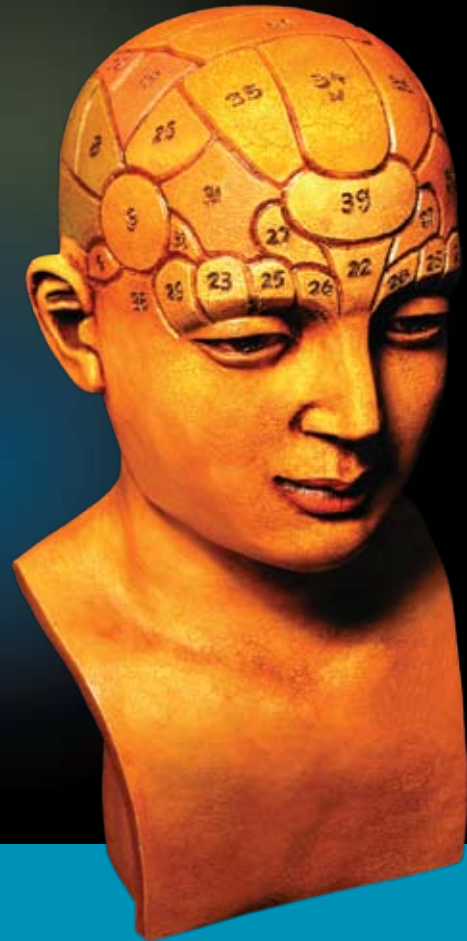

Unique, interactive training which explores the implications of the Mental Health Act 1983 for administrators.

Committed to delivering high quality training, Hill Dickinson's experienced health team is delighted to offer one and two day training packages for Mental Health Act administrators.

Designed to give new personnel a sound grasp of the Mental Health Act 1983 (as amended by the Mental Health Act 2007) the training covers all aspects of the Act and practical case study analysis. Both packages can be adapted for more experienced staff, or as an introduction or refresher for non-administrators.

This team "always goes the extra mile for clients", providing informative seminars, weekly updates, bulletins and training.
